Any insurance or self-insurance programs maintained by the City of Chicago do not contribute with insurance provided by the Grantee and contractor under the Agreement.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Agreement or any limitation placed on the indemnity in this Agreement given as a matter of law.

If Grantee or contractor is a joint venture or limited liability company, the insurance policies must name the joint venture or limited liability company as a named insured.

The Grantee must require the contractor to provide the insurance required herein. All contractors are subject to the same insurance requirements of Grantee unless otherwise specified in this Agreement.

The City's Risk Management Department maintains the right to modify, delete, alter or change these requirements.

Failure of City to give written notice of breach to Grantee shall not be deemed to be a waiver of the City's right to assert such breach at a later time. If the default is not capable of being cured within the sixty (60) day period, then provided Grantee has commenced to cure the default and is diligently proceeding to cure the default within the sixty (60) day period, and thereafter diligently prosecutes such cure through to completion, then the sixty (60) day period shall be extended for the length of time that is reasonably necessary to cure the default. The Grantee represents and warrants that neither the Grantee nor any Affiliate thereof (as defined in the next paragraph) is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List.

As used in the above paragraph, an "Affiliate" shall be deemed to be a person or entity related to the Grantee that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with Grantee, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

21) Prohibition on Certain Contributions Mayoral Executive Order 2011-4.

Grantee agrees that Grantee, any person or entity who directly or indirectly has an ownership or beneficial interest in Grantee of more than 7.5 percent ("Owners"), spouses and domestic partners of such Owners, Grantee's contractors (i.e., any person or entity in direct contractual privity with Grantee regarding the subject matter of this Agreement) ("Contractors"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("Sub-owners") and spouses and domestic partners of such Sub-owners (Grantee and all the other preceding classes of persons and entities are together, the "Identified Parties"), shall not make a contribution of any amount to the Mayor of the City of Chicago (the "Mayor") or to his political fundraising committee (i) after execution of this Agreement by Grantee, (ii) while this Agreement or any Other Contract is executory, (iii) during the term of this Agreement or any Other Contract between Grantee and the City, or (iv) during any period while an extension of this Agreement or any Other Contract is being sought or negotiated.

Grantee represents and warrants that from the later to occur of (a) May 16, 2011, and (b) the date the City approached the Grantee or the date the Grantee approached the City, as applicable, regarding the formulation of this Agreement, no Identified Parties have made a contribution of any amount to the Mayor or to his political fundraising committee.

Grantee agrees that it shall not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fundraising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fundraising committee; or (c) Bundle or solicit others to bundle contributions to the Mayor or to his political fundraising committee.

Grantee agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order No. 2011-4 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order No. 2011-4.

Grantee agrees that a violation of, non-compliance with, misrepresentation with respect to, or breach of any covenant or warranty under this provision or violation of Mayoral Executive Order No. 2011-4 constitutes a breach and default under this Agreement, and under any Other Contract for which no opportunity to cure will be granted, unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including without limitation termination for default) under this Agreement, under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

If Grantee intentionally violates this provision or Mayoral Executive Order No. 2011-4 prior to the closing of this Agreement, the City may elect to decline to close the transaction contemplated by this Agreement.

For purposes of this provision:

"Bundle" means to collect contributions from more than one source, which is then delivered by one person to the Mayor or to his political fundraising committee.

"Other Contract" means any other agreement with the City of Chicago to which Grantee is a party that is (i) formed under the authority of chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the City Council of the City of Chicago.

"Contribution" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

Individuals are "Domestic Partners" if they satisfy the following criteria:

(A) they are each other's sole domestic partner, responsible for each other's common welfare; and

(B) neither party is married; and

(C) the partners are not related by blood closer than would bar marriage in the State of Illinois; and

(D) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and

(E) two of the following four conditions exist for the partners:

1. The partners have been residing together for at least 12 months.

2. The partners have common or joint ownership of a residence.

3. The partners have at least two of the following arrangements:

   a. joint ownership of a motor vehicle;

   b. a joint credit account;

   c. a joint checking account;

   d. a lease for a residence identifying both domestic partners as tenants.

4. Each partner identifies the other partner as a primary beneficiary in a will.

"Political fundraising committee" means a "political fundraising committee" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

22) Failure To Maintain Eligibility To Do Business With The City.

Failure by Grantee or any controlling person (as defined in Section 1-23-010 of the Municipal Code of Chicago) thereof to maintain eligibility to do business with the City of Chicago as required by Section 1-23-030 of the Municipal Code of Chicago shall be grounds for termination of the Agreement and the transactions contemplated thereby. Grantee shall at all times comply with Section 2-154-020 of the Municipal Code of Chicago.

23) Inspector General and Legislative Inspector General.

It is the duty of every officer, employee, department, agency, contractor, subcontractor, Grantee and licensee of the City, and every applicant for certification of eligibility for a City contract or program, to cooperate with the City's Legislative Inspector General and with the City's Inspector General in any investigation or hearing undertaken pursuant to Chapters 2-55 and 2-56, respectively, of the Municipal Code of Chicago. The Grantee understands and will abide by all provisions of Chapters 2-55 and 2-56 of the Municipal Code of Chicago.

24) Waste Ordinance Provisions.

In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Grantee warrants and represents that it, and to the best of its knowledge, its contractors and subcontractors, have not violated and are not in violation of any provisions of Section 7-28 or Section 11-4 of the Municipal Code (the "Waste Sections"). During the period while this Amendment is executory, Grantees, any general contractors or any subcontractors violation of the Waste Sections, whether

or not relating to the performance of this Agreement, constitutes a breach of and an event of default under this Agreement, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Chief Procurement Officer. Such breach and default entitles the City to all remedies under the Amendment, at law or in equity. This section does not limit Grantee's, general contractor's and its subcontractor's duty to comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Amendment. Noncompliance with these terms and conditions may be used by the City as grounds for the termination of this Amendment, and may further affect Grantee's eligibility for future contract awards.

25) Shakman Accord.

(a) The City is subject to the May 31, 2007 Order entitled "Agreed Settlement Order and Accord" (the "Shakman Accord") and the August 16, 2007 "City of Chicago Hiring Plan" (the "City Hiring Plan") entered in Shakman v. Democratic Organization of Cook County, Case No 69 C 2145 (United States District Court for the Northern District of Illinois). Among other things, the Shakman Accord and the City Hiring Plan prohibit the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

(b) Grantee is aware that City policy prohibits City employees from directing any individual to apply for a position with Grantee, either as an employee or as a subcontractor, and from directing Grantee to hire an individual as an employee or as a subcontractor. Accordingly, Grantee must follow its own hiring and contracting procedures, without being influenced by City employees. Any and all personnel provided by Grantee under this Agreement are employees or subcontractors of Grantee, not employees of the City of Chicago. This Agreement is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer- employee relationship of any kind between the City and any personnel provided by Grantee.

(c) Grantee will not condition, base, or knowingly prejudice or affect any term or aspect to the employment of any personnel provided under this Agreement, or offer employment to any individual to provide services under this Agreement, based upon or because of any political reason or factor, including, without limitation, any individual's political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity or financial contributions, or such individual's political sponsorship or recommendation. For purposes of this Agreement, a political organization or party is an identifiable group or entity that has as its primary purpose the support of or opposition to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

(d) In the event of any communication to Grantee by a City employee or City official in violation of Section 27 (ii) above, or advocating a violation of Section 27 (ii) above, Grantee will, as soon as is reasonably practicable, report such communication to the Hiring Oversight Section of the City's Office of the Inspector General ("IGO Hiring Oversight"), and also to the head of the relevant City Department utilizing services provided under this Agreement. Grantee will also cooperate with any inquiries by IGO Hiring Oversight or the Shakman Monitor's Office related to the contract.

IN WITNESS WHEREOF, Grantee and City have caused this Agreement to be executed by their duly authorized officers, as of the day and year first written above.

to those of Residential-Business Planned Development Number 1029, as amended.

SECTION 2. This ordinance takes effect after its passage and due publication.

Planned Development Statements referred to in this ordinance read as follows:

Residential-Business Planned Development No. 1029, As Amended.

Planned Development Statements.

1. The area delineated herein as Residential-Business Planned Development Number 1029, as amended (the "Planned Development") consists of a net site area of approximately 90,480 square feet of property which is depicted on the attached Planned Development Boundary and Property Line Map (the "Property"). The portion of the Property commonly known as 1333 South Wabash Avenue is owned by the applicant. The portion of the Property commonly known as 1345 South Wabash Avenue is owned

by 1345 South Wabash THC, LLC. The portion of the Property commonly known as 1328 South Wabash Avenue is administered by and through The Filmworks Lofts Condominium Association on behalf of the condominium unit owners (the "Association"). Applicant makes this application with the consent of 1345 South Wabash THC, LLC and the Association.

2. The requirements, obligations and conditions contained within this Planned Development pertaining to an individual subarea shall be binding upon the titleholder of such subarea, its successors and assigns. All rights granted hereunder pertaining to an individual subarea shall inure to the benefit of the titleholder of such subarea, its successors and assigns. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, at the time applications for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, the Property shall be under single ownership or under single designated control. Single designated control for purposes of this statement shall mean that any application to the City for any amendment to this Planned Development or any other modification or change thereto (administrative, legislative or otherwise) shall be made or authorized by all the owners of the Property and any ground lessees of the Property, subject however to the following exceptions and conditions: (a) any changes or modifications to this Planned Development applicable to or in a given subarea need only be made or authorized by the owners and/or any ground lessees of such subarea provided there is no adverse effect (i.e., a diminution of development rights) on other subareas; and (b) where portions of the improvements located on the Property have been submitted to the Illinois Condominium Property Act, the term "owner" shall be deemed to refer solely to the condominium association of the owners of such portions of the improvements and not to the individual unit owners therein. Nothing herein shall prohibit or in any way restrict the alienation, sale or any other transfer of all or any portion of the Property or any rights, interests or obligations therein. Upon any alienation, sale or any other transfer of all or any portion of the Property or the rights therein (other than an assignment or transfer of rights pursuant to a mortgage or otherwise as collateral for any indebtedness) and solely with respect to the portion of the Property so transferred, the term applicant shall be deemed amended to apply to the transferee thereof (and its beneficiaries if such transferee is a land trust) and the seller or transferor thereof (and its beneficiaries if such seller or transferor is a land trust) shall thereafter be released from any and all obligations or liability hereunder with respect to the portion of the Property so transferred.

3. All applicable official reviews, approvals or permits are required to be obtained by the owner of the Property, or its successors, assigns or grantees, which require such reviews, approvals or permits. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Department of Transportation on behalf of the Property owner, its successors, assign or grantees, seeking such action.

   Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the Plans, as defined below.

Ingress or egress shall be pursuant to the Plans and may be subject to the review and approval of the Departments of Housing and Economic Development and Transportation. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of the Department of Transportation.

All work proposed in the public way must be designed and constructed in accordance with the Department of Transportation Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago. Prior to the issuance of any Part II Approval, the submitted plans must be approved by the Department of Transportation.

4. This plan of development consists of 19 statements; a Bulk Regulations Table; an Existing Zoning Map; an Existing Land-Use Map; a Planned Development Boundary and Property Line Map; a Subarea Map; Site Plan (Subarea A); a Site Plan (Subarea B); a Site Plan (Subarea C); a Landscape Plan (Subarea A); a Landscape Plan (Subarea B); a Green Roof Plan (Subarea A); a Green Roof Plan (Subarea B); Building Elevations (North, South, East and West) (Subarea A); Building Elevations (North, South, East and West) (Subarea B); and Building Elevations (North, South, East and West) (Subarea C). Full-sized copies of the Site Plan (Subarea A); a Site Plan (Subarea B); a Site Plan (Subarea C); a Landscape Plan (Subarea A); a Landscape Plan (Subarea B); a Green Roof Plan (Subarea A); a Green Roof Plan (Subarea B); Building Elevations (North, South, East and West) (Subarea A); Building Elevations (North, South, East and West) (Subarea B); Building Elevations (North, South, East and West) (Subarea C) (collectively, the "Plans"), all dated September 19, 2013, are on file with the Department of Housing and Economic Development. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development Ordinance and the Zoning Ordinance, this Planned Development Ordinance shall control.

5. The following uses are permitted in the areas delineated as Subarea A, Subarea B and Subarea C of Residential-Business Planned Development Number 1029, as amended: multi-unit residential, all permitted uses in the DX Zoning District under the Public and Civic Use category, all permitted uses in the DX Zoning District under the Commercial Use category, accessory parking, accessory uses, apiaries, and co-located wireless communication facilities.

6. On-Premises signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department of Housing and Economic Development. Off-Premises signs are prohibited within the boundary of the Planned Development.

7. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.

8. The maximum permitted Floor Area Ratio ("FAR") for the site shall be in accordance with the attached Bulk Regulations Table. For the purposes of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations Table has been determined using a Net Site Area of 90,480 square feet.

9. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review Fee shall be assessed by the Department of Housing and Economic Development. The fee, as determined by staff at the time, is final and binding on the applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.

10. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by the Department of Housing and Economic Development. Any interim reviews associated with site plan review or Part II Reviews, are conditional until final Part II Approval.

11. The applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Environment and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.

12. Subject to the provisions of statement Number 2 of this Planned Development, the terms and conditions of development under this Planned Development ordinance may be modified administratively pursuant to Section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the applicant, its successors and assigns and, if different than the applicant, the legal titleholders and any ground lessors.

13. The applicant acknowledges and agrees that the rezoning of the Property from DX-7 Downtown Mixed-Use District to Residential-Business Planned Development Number 1029, as amended, for construction of a residential project triggers the requirements of Section 2-45-110 of the Municipal Code (the "Affordable Housing Ordinance"). Any developer of a "residential housing project" within the meaning of the Affordable Housing Ordinance in Subarea A and Subarea B must: (i) develop affordable housing units as part of the residential housing project in Subarea B; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). In accordance with these requirements and the Affordable Housing Profile Form attached hereto as (Sub)Exhibit A, the applicant has agreed to provide 11 affordable units in Subarea B at 100 percent AMI affordable housing units in the

Residential Project for households earning up to 100 percent AMI of the Chicago Primary Metropolitan Statistical Area median income (the "Affordable Units") or make a cash payment to the Affordable Housing Opportunity Fund in the amount of $100,000 per required Affordable Unit ("Cash Payment"). At the time of each Part II Review for the Residential Project, applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Housing and Economic Development for review and approval. If the applicant subsequently reduces the number of dwelling units in the residential project, the Department of Housing and Economic Development may adjust the requirements of this Statement 13 (i.e., number of Affordable Units and/or amount of Cash Payment) accordingly without amending this Planned Development. Prior to the issuance of any building permits for the residential housing project within Subarea B, including, without limitation, excavation or foundation permits, the applicant must either make the required cash payment, or execute an Affordable Housing Agreement in accordance with Section 2-45-110(i)(2), with respect to such subarea. The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Residential Project in Subarea B and will constitute a lien against each Affordable Unit. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. If the applicant initially sells a housing unit required to be affordable at a price that renders the housing unit not affordable, or to a household that does not meet the eligibility criteria, the applicant shall make a Cash Payment for each such affordable housing unit in accordance with Section 2-45-110(i)(2)(i) and the Affordable Housing Agreement. The Commissioner of Housing and Economic Development may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the planned development ordinance.

14. The applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all new buildings and improvements on the Property constructed after the date hereof shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

15. The applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. In furtherance of this policy, improvements within Subarea A and Subarea B shall include the following sustainable features: (A) 50 percent Green Roof and (B) LEED certified.

16. The applicant acknowledges that it is in the public interest to ensure that adequate open space and recreational facilities are provided to serve new residential developments. As stated in the Open Space Impact Fee Ordinance Section 16-18-080 of the Municipal Code of Chicago, in the case of larger developments which are processed as Planned Developments, developers are encouraged to provide open space and recreational facilities on-site to serve new residents instead of paying open space impact fees. DHED may approve a credit for such on-site facilities and open space at any time prior to Part II Approval for a particular subarea provided that such facilities and/or open space meet the criteria for such credit.

    All open spaces developed for use by the public must be in compliance with the Open Space Impact Fee Administrative Regulations and Procedures promulgated by the Commissioner of the Department of Housing and Economic Development, pursuant to Section 16-18-110.

    Any open space to be dedicated to the Chicago Park District must meet Chicago Park District standards and, where applicable, the park must be designed and constructed to Chicago Park District standards. Any conveyance of open space to the Chicago Park District, measuring two or more acres, shall be approved by the Chicago Park District. A Board issued resolution must be provided to the Department of Housing and Economic Development prior to the issuance of any Part II Approval. Any conveyance of open space to the Chicago Park District, measuring less than two acres, shall be formalized in a contract that shall be provided to the Department of Housing and Economic Development prior to the issuance of any Part II Approval.

17. The applicant acknowledges that the Planned Development includes a building commonly known as Filmworks Lofts and identified on the National Register of Historic Places as the Coca Cola Building as potentially significant in the Chicago Historic Resources Survey. Pursuant to the Zoning Ordinance, Section 17-8-0911 and Section 13-32-230 of the Municipal Code, the applicant acknowledges that planned developments should give priority to the adaptive reuse of historic buildings which have been designated as a "Chicago Landmark" or color-coded red or orange in the Chicago Historic Resources Survey. It shall be the responsibility of the owners of Subarea C to retain and preserve the character-defining features of the building, which include the Wabash Avenue Street facade. In general, the original features and materials of the street facade should be retained and preserved as much as reasonably possible, while any changes should be compatible with the building's historic character. Such work to the character-defining features shall be subject to the review and approval of the Department of Housing and Economic Development as a part of the Part II Review.

18. In order to develop the proposed improvements in Subarea A and Subarea B, the applicant has contracted to acquire unused FAR and square footage (for minimum lot area purposes) from Subarea C (the "Development Rights"). Because the applicant has not acquired the Development Rights at the time of the approval of this Planned Development, each subarea will have an initial FAR of 7.0. At the time the applicant acquires certain portions of the Development Rights to construct the improvements on

Subarea A, the maximum permitted FAR for Subarea A shall, without amendment to this Planned Development, increase by 90,160 square feet (or 2.755 using the net site area of Subarea A), the maximum number of permitted dwelling units for Subarea A shall increase by 81 dwelling units, the maximum permitted FAR for Subarea C shall decrease by 90,160 square feet (or 2.015 using the net site area of Subarea C) and the maximum number of dwelling units for Subarea C shall decrease by 81 dwelling units, all as set forth in the Bulk Regulations and Data Table. Prior to Part II Approval, applicant shall deliver to the Department an executed and recorded Agreement of Covenants and Restrictions ("Covenant A") which shall set forth the amount of Development Rights acquired for the benefit of Subarea A. Delivery of Covenant A shall cause corresponding increases and decreases in FAR and permitted dwelling units in Subarea A and Subarea C. At the time the applicant acquires certain portions of the Development Rights to construct the improvements on Subarea B, the maximum permitted FAR for Subarea B shall, without amendment to this Planned Development, increase by up to 56,186 square feet (or 4.319 using the net site area of Subarea B), the maximum number of permitted dwelling units for Subarea B shall increase by 54 dwelling units, the maximum permitted FAR for Subarea C shall decrease 56,186 square feet (or 1.256 using the net site area of Subarea C and the maximum number of dwelling units for Subarea C shall decrease by 54 dwelling units all as set forth in the Bulk Regulations and Data Table. Prior to Part II Approval, applicant shall deliver to the Department an executed and recorded Agreement of Covenants and Restrictions ("Covenant B") which shall set forth the amount of Development Rights acquired for the benefit of Subarea B. Delivery of Covenant B shall cause a corresponding increase and decrease in FAR and maximum permitted dwelling units Subarea B and Subarea C. The City of Chicago is not party to Covenant A or B and is not responsible for enforcing anything in said covenants other than the above provisions governing the transfer of floor area and dwelling units.

19. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Housing and Economic Development shall initiate a Zoning Map Amendment to rezone the property to DX-7 Downtown Mixed-Use District.

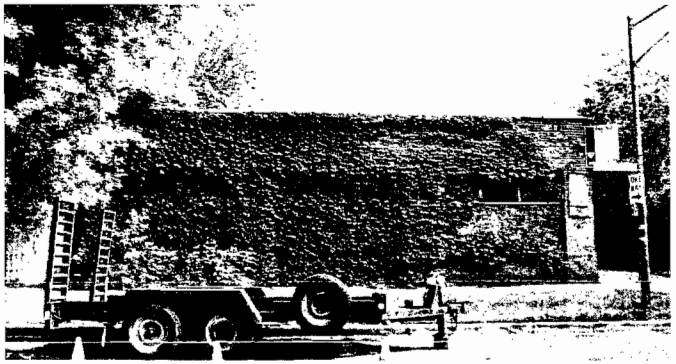
Sustainable Strategies

- Renovate: keep the existing structure and re-appropriate the industrial loft space for a new single family residence. Limit demolition to reduce landfill.

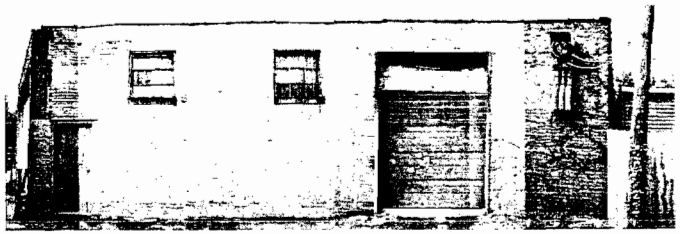
- Open Space: Create three internal open-air courtyards within the existing structure in order to maximize use of natural day-lighting and reduce artificial lighting / power usage.

- Rainwater Harvesting: In the open-air courtyards, collect rainwater from the existing roof structure and re-use for landscape irrigation.

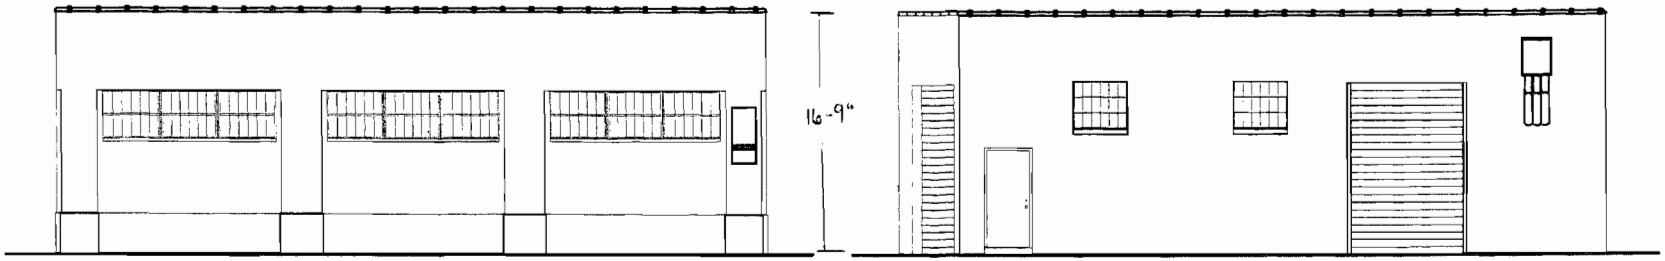
- Landscaping: In the open-air courtyards, plant landscaping and use pervious materials to promote natural water drainage.



- Radiant Heat: provide radiant heat tubing in both the basement and main floor concrete slab, maximizing efficiency and minimizing energy usage.



- Foam Insulation: use soy-based foam insulation for all wall and roof areas.



- Windows and Doors: All new low-e insulated glass doors and windows to replace existing openings and for new courtyard openings.

- Energy Production: Use open south-facing roof for solar thermal panels to feed into radiant heat floor. and photo-voltaic panels for supplementing power.

- LED Lighting: Use LED light fixtures to reduce power needs.

CALL UPON PRESIDENT BARACK OBAMA TO STRENGTHEN AND RESTORE CERTAIN PROVISIONS OF CLEAN WATER ACT.

[R2013-884]

A resolution, presented by Aldermen Moreno, Pope, Cochran, Cárdenas, Muñoz and Tunney, reading as follows:

WHEREAS, The North American Great Lakes are the world's largest freshwater system with more than 20 percent of the world's freshwater supply residing in them. Including Lake Erie, Michigan, Huron, Superior, and Ontario, the five lakes are an important source of fresh water and are home to many species of wildlife; and

WHEREAS, With the mistaken belief that water can dilute any substance, the lakes have also become a destination of dumping grounds for many different types of pollutants. Ranging from point source pollution such as industrial waste from drainage pipes to non-point source pollution like pesticide and fertilizer runoff from farms, these pollutants and others have had adverse effects on the lakes. Such adverse effects include reducing the water quality, contaminating soil, and damaging the lake ecosystems. This damage produces harmful repercussions on the fish and wildlife stocks, and to the humans surrounding the Great Lakes region as well; and

WHEREAS, In his 2008 presidential campaign, candidate Barack Obama promised to strengthen provisions of the Federal Clean Water Act that had been weakened by judicial rulings and changed in previous administrations; and

WHEREAS, The Environmental Protection Agency (EPA) and its State of Illinois equivalent should strengthen enforcement of the Clean Water Act through the gradual reduction of permitted pollution levels from industrial facilities, ensuring permits are renewed in a timely manner, and mandating sizable minimum penalties for polluters in violation of the law; and

WHEREAS, The EPA should also eliminate the loopholes allowing greater discharge of toxic chemicals into waterways and require chemical manufacturers to test all chemicals for their safety, submitting the results of that testing to the government and the public. Furthermore, the agency should regulate chemicals based on their intrinsic capacity to cause harm to the environment or health, rather than basing regulation on resource-intensive and flawed efforts to determine "safe" levels of exposure to those chemicals; and

WHEREAS, Additionally, the EPA should require industries to disclose the amount of toxic chemicals they use in their facilities thereby safeguarding local residents' right to know about potential public health threats in their community. Federal and state agencies should create incentives for industry to reduce its use of toxic chemicals, require safer alternatives where alternatives exist, and phase out the worst ones; and

WHEREAS, This legislative body calls upon President Obama to keep his 2008 campaign promise to clarify that the Clean Water Act applies to headwater streams, intermittent waterways, isolated wetlands and other waterways for which Clean Water Act protection has been threatened due to recent Supreme Court decisions; now, therefore,

Be It Resolved, That we, the undersigned members of the City of Chicago City Council, gathered this 16th day of October 2013, do hereby urge President Barack Obama to issue an executive order empowering the Environmental Protection Agency to finalize proposed guidelines, move forward with rulemaking to restore critical protections to these waters under the Clean Water Act and reaffirm the broad scope of the Clean Water Act that existed for more than three decades; and

Be It Further Resolved, That copies of this resolution be prepared and presented to the Honorable Barack H. Obama, President of the United States and Environment Illinois.
